Brasil

### Learning Areas

English and the cross-curricular approach to other subjects.

### Levels

12-18 years

### Objectives

To connect and collaborate with students worldwide. To learn about other countries from peer perspective. To contribute to greater mutual understanding and confidence. To create a climate of mutual respect and tolerance of differences.

### Description

The project represents a virtual trip round the world. Students create virtual postcards in the form of multimedia posters (glogsters) about their countries. They show what their country is like through their eyes and tell us what travel books can't.

### Keywords

international project, wiki, collaboration, glogster

### Authors

Arjana Blazic-project leader, IX.gimnazija, Zagreb, Croatia

12 teachers and about 250 students

### Teaching resources
